Resident Inspection Report Information

The Copley Group is committed to providing you with a clean, well maintained apartment. Every apartment is cleaned, serviced by our maintenance staff, and inspected prior to a new resident moving-in as part of The Copley Group's Maintenance/ Clean/ Final Check service.

The following Resident Inspection Report is a form where you, the prospective resident, may request additional work, beyond the scope of the Maintenance/ Clean/ Final Check service, to be done to your new apartment in advance of moving in. Resident Inspection Report service requests will be reviewed by the Property Manager and considered on a case-by-case basis as part of the application process.* The status of your Resident Inspection Report service requests will be communicated to you through your broker when your application is accepted by The Copley Group.

In general, if you rent an apartment before it becomes vacant and you must move in on the first day of the month, additional maintenance requests may not be able to be granted due to time constraints. For this reason it is very important that applicants inspect their prospective apartments thoroughly and are aware of its condition as the apartment will be presented to you in the same general condition as it was while occupied by the previous resident.

If you have questions regarding the status of your Resident Inspection Report service requests, or your application in general, please contact the broker with whom you worked.

*Unfortunately, The Copley Group may not be able to accommodate all Resident Inspection Report service requests.
